

UBER

LIMOUSINES

WITH THE EASE

OF A TAXI

What is Uber

Uber is a free Smartphone (iPhone, Android, Blackberry, Windows Phone) application, which gives everyone the possibility to order a comfortable and safe on-demand premium-limousine (S-Classes, A8, BMW 7-series, Porsche Cayenne, etc.). It takes seconds to request your first Uber and only a few minutes until your personal driver will pick you up! Uber has been launched in Berlin in February but is already available in over 30 cities worldwide. We already have gotten several awards such as the "Most Innovative Mobile Application" given by the Forbes Magazine.

What do I have to do

Just signup under this link www.uber/go or download the App to your mobile device (iOS, Android). For other Smartphones you can use your mobile browser and go to m.uber.com. If you already have an account you can directly type in the Code (see below) in your app. Once you have created your account, you can use Uber in all cities where Uber is available.

Take your first ride

1. Just set your pickup location by confirming the location shown
2. Request an Uber. You will get a SMS when the driver arrives.
3. After the ride we will email you your receipt.

When you order an Uber you will get a picture of your driver as well as his name, his car type and plate. You can also contact your driver directly by hitting the small phone in the bottom right corner.

Feel free to contact me if you have any questions or issues - I'm always happy to help!

Moe - Uber-Berlin

One free ride up to €20!

Your Code: battlehack
